ASP .NET CORE MVC (udemy)

January 2023

Experience

Alright Tech

11/2023 - Present

Rawalpindi

React Js Developer (Internship)

- I am deeply passionate about React.js, a powerful and dynamic JavaScript library for building user interfaces. Having completed three significant projects using React.js, I have honed my skills in front-end development, creating responsive and interactive web applications that provide seamless user experiences. Currently, I am furthering my expertise through an internship at Alright Tech in Rawalpindi, where I am gaining valuable real-world experience and expanding my knowledge of React.js under the guidance of seasoned professionals. I am excited about the opportunity to contribute my skills and creativity to the innovative work at Alright Tech and to continue pushing the boundaries of what React.js can achieve in modern web development.
